Group Seed Request Form

Thank you for your group request for seeds from WinterSown. We accept requests year round from worthy organizations ~ schools, youth groups, senior centers, garden clubs, service organizations and other well intentioned groups. We will not send confirmation that we have received your request, but will process your order as soon as possible. Allow 4 - 6 weeks for delivery.

About our seeds: WinterSown receives seeds from individuals or businesses so that they can be shared with the public. Seeds can be in partial commercial packs, they can be full commercial packs, they can also be home-saved or bulk commercial seeds that WinterSown repacks, or they could be home-saved home-packed seeds from seed traders. Your group package of seeds will include some or all of these types of seed packs.

Due to increased requests, WinterSown can only offer one shipment of two-hundred (200) seed packs per organization per year. This offer is limited to organizations within the USA. WinterSown does not charge for seed but requests \$15.00 for postage and handling. Pre-payment is required, please include a check or money-order with this completed form and mail it to the address at the bottom of this page.

Please return this form with your payment. In sending this form, you acknowledge and understand that some of the seeds we send to your group have been produced for previous growing seasons, have been stored under varied conditions and may have lower germination percentages. We suggest planting at triple the suggested sowing rate to offset lower germination rates.
